Description

Occupying a superb, tucked-away position in the heart of the highly regarded village of Scafford, this substantial detached family home is offered to the market with the significant benefit of no upward chain. 40a King Street provides a rare opportunity to acquire a modern, individual residence that perfectly balances village charm with generous contemporary living spaces.

The heart of the home is the expansive kitchen and breakfast room, which spans over 21ft and features a range of fitted cabinetry, integrated appliances, and ample workspace. This social hub flows seamlessly into a bright, triple-aspect garden room, where vaulted ceilings and French doors open directly onto the patio, creating an ideal environment for indoor-outdoor entertaining. A separate, dual-aspect sitting room provides a more formal retreat, complemented by a dedicated study for those working from home, and a practical utility room with a stable door to the side.

Upstairs, the property continues to impress with four well-proportioned bedrooms. The principal suite is particularly generous, offering a dual-aspect outlook and a private en-suite shower room. The remaining bedrooms are served by a modern family bathroom. Outside, the property is set back from the road with a private gravelled driveway leading to a large garage and carport. The gardens wrap around the property, offering a mix of lawned areas, mature borders, and paved terraces that enjoy a high degree of privacy and views across the surrounding village landscape.

The detached garage and carport are significant features of 40a King Street, offering exceptional versatility and storage that is often hard to find in village homes. The generous 23ft garage provides ample space for a vehicle alongside a workshop area or garden storage, while the adjacent 18ft carport offers sheltered parking and convenient access. Combined, these outbuildings provide over 400 sq. ft of additional space, perfectly suited for a multi-car household or those with outdoor hobbies.
