What Is Shared Ownership?

You buy an initial share in your home - in this case between 10% and 75% and pay a discounted rent on the remaining share. If your financial situation changes, you can 'staircase' and purchase further shares up until you own your home outright.

Not just for first-time buyers, the eligibility criteria is either:

- you currently don't own another house
- or the house you currently own is sold subject to contract

Basic criteria:

- You cannot afford a similar home on the open market
- Your household income does not exceed £80,000
- You don't have any County Court Judgements (CCJs) against you
- You can afford the mortgage and deposit for the share you wish to purchase
