Description

'West Barn' has been conceived and designed in partnership with an established and award-winning architectural practice. The position of the proposed property affords an incredible opportunity to create an exceptional, bespoke 'lifestyle' property and a truly enviable and impressive home. The finished property has been thoughtfully designed, taking advantage of some of the finest, coastal views in the South-West. The site is currently occupied by a large timber framed & clad building

(60'0"x40'0") with concrete floor, level grounds surrounding the barn and good access.

The approved design promotes reverse-level living, taking advantage of the fantastic, coastal position. The Ground Floor currently includes; 4 double bedrooms (2 ensuite), family bathroom and utility room. The FIRST FLOOR includes; a contemporary kitchen/dining/living space, study, cloakroom and living room, with glazed wall of bi-fold doors opening to the balcony/terrace.

Outside, the level gardens/grounds offer a creative opportunity for the new owner. The proposed landscaping has purposefully been kept fairly minimal, with the boundaries to be formed by a Devon hedge bank, offering increased screening, combined with planted beds/landscaping and grassed lawns. The driveway will provide a hardstanding area and parking for multiple vehicles.
