DESCRIPTION

Being one of a selection of quality and sympathetic barn conversions, 1 Tregenna Farm Barns presents a fine light and airy detached single storey residence, which nicely blends the original character and appearance of the barn with modern living day standards. Indeed, 1 Tregenna Farm Barns benefits from ground source heat technology serving eco-friendly underfloor heating which is divided into four controllable zones.

The modern and delightfully presented accommodation is approached via a heavy part glazed front door from an open wide Porch which leads to a central open-plan Kitchen and Living Room with engineered oak floor, off which there are doors to the two Bedrooms and double-glazed doors opening to the outside seating terrace.

The Kitchen includes a comprehensive range of modern base and eye level units with timber worktops to splashback tiling, a stainless steel single drainer sink unit with vegetable bowl and mixer tap, integral dishwasher, Neff fan assisted oven and grill and Whirlpool four-ring ceramic hob with extractor hood over. Off the Living Area are double doors to a cupboard housing the hot water cylinder and a second Storage Cupboard.

The main Bedroom, with engineered oak floor and contemporary corner window designed to take advantage of the countryside views, is well-proportioned with doors off to a built in wardrobe and En Suite Bathroom with panelled bath with shower, screen and splashback tiling over, wc, washbasin, wall mounted chrome heated towel radiator and slate floor. The second Bedroom, with engineered oak floor, also benefits from doors to a cupboard and separate door to En Suite Shower Room with plumbing for stacked washing and tumble drier system and including tiled shower, wall mounted chrome heated towel radiator, wc, pedestal washbasin and slate floor.

THE OUTSIDE

Immediately to the front of 1 Tregenna Farm Barns is an expansive level paved seating terrace with walled boundary which enjoys views of the surrounding countryside. On the southern side is a detached timber, metal roof and internally lined Garden Shed - which offers good potential for the creation of an office or hobbies room if desired (currently no electricity and subject to any consents and approvals).

From the seating area, the garden extends to the north-east where there is a fence enclosed private flower and shrub garden with centrepiece pond and surrounding paved path, as well as two high raised beds.

THE PARKING

To the south-west and adjacent to 1 Tregenna Farm Barns is a stone chipped car parking area for two vehicles.
